
Coup Mallarme

t r l c - Éditions du boucher - *ii p once upon a midnight dreary, while i pondered, weak and weary, over many a quaint and curious volume of forgotten lore— while i nodded, nearly napping, suddenly there came a tapping, as of some one gently rapping, rapping at my chamber door.* **poesia visual - bocc** - *poesia visual a poesia visual resulta da intersecção entre a poesia e a experimentação visual. sendo a tipografia um meio visual por excelência é, no entanto, pela subordinação à fonética silábica ou alfabética, que o seu uso se universaliza e impõe.*
